

# GMC Motorhome Registry

*The GMC Registry was created in 1993 in order to learn how many of our Classics were still in service, how they were being used (motorhomes, ambulances, mobile offices, etc) and where in the world were they.*

*So far the Registry has found over 8,000 of the 12,921 coaches produced by GM Truck & Coach.*

*No other classic Motorhome has a Registry.....Please help us find the rest by handing this form to a GMC owner, completing it on-line <http://GMCmhRegistry.com> or mailing to me.*

*Thanks!*
