

**RECOMMENDATIONS FOR
MAINTENANCE
SERVICE REPLACEMENT PARTS**

The emission control systems of your new 1977 GMC Motorhome were designed, built and tested using genuine GM parts* and the Motorhome is certified as being in conformity with federal regulations implementing the Clean Air Act. Accordingly, it is recommended that any replacement parts used for maintenance or for the repair of emission control systems be new, genuine GM parts.

THE WARRANTY OBLIGATIONS ARE NOT DEPENDENT UPON THE USE OF ANY PARTICULAR BRAND OF REPLACEMENT PARTS. THE OWNER MAY ELECT TO USE NON-GENUINE GM PARTS FOR REPLACEMENT PURPOSES. USE OF REPLACEMENT PARTS WHICH ARE NOT OF EQUIVALENT QUALITY MAY IMPAIR THE EFFECTIVENESS OF EMISSION CONTROL SYSTEMS.

*"GENUINE GM PARTS", when used in connection with GMC Motorhome, means parts manufactured by or for GMC Truck, designed for use on GMC Motorhomes and distributed by GMC Truck & Coach Division or any division or subsidiary of General Motors Corporation.

MAINTENANCE SERVICE CAN BE PERFORMED BY ANY QUALIFIED SERVICE OUTLET; HOWEVER, WARRANTY SERVICE MUST BE PERFORMED BY AN AUTHORIZED GMC MOTORHOME DEALER. Receipts covering the performance of regular maintenance should be retained in the event questions arise concerning maintenance. These receipts should be transferred to each subsequent owner of this Motorhome.

If other than new genuine GM parts are used for maintenance replacements or for the repair of components affecting emission control, the owner should assure himself that such parts are warranted by their manufacturer to be equivalent to genuine General Motors parts in performance and durability.

POLICY ON GMC MOTORHOME OWNER SERVICE

Maintenance Services — The Owner's Manual and Maintenance Schedule folder furnished with your vehicle provide important maintenance information. Follow these recommendations to help assure satisfactory operation of your vehicle and to avoid conditions arising from negligence or omission which are not covered by the New GMC Motorhome Warranty.

Warranty Service — United States and Canada — If you are touring or in the event you move, service under the New GMC Motorhome Warranty will be performed by any GMC Motorhome dealer in the United States or Canada. In all other cases, it is recommended that warranty service be performed by the authorized GMC Motorhome dealer who sold you your vehicle because of the dealer's continued and personal interest in you.

Warranty Service — Foreign Countries — Where General Motors dealer service is not available in the country in which you are touring and warranty repairs become necessary, you should obtain paid receipts covering the work from the service station or garage that performed the necessary repairs. Upon your return to the United States, a statement of the circumstances relative to the warranty work performed along with the paid receipts, should be given to your GMC Motorhome dealer for review and reimbursement consideration.

Paint and Other Appearance Items — Imperfections in paint, trim or other appearance items are normally apparent and corrected during new vehicle inspections. For your protection, we suggest that if you find any paint or appearance defect, you call it to the attention of your GMC Motorhome dealer without delay, as normal deterioration due to use and exposure is not covered by the New Motorhome Warranty.

Production Changes — GMC Truck, and authorized GMC Motorhome dealers reserve the right to make changes in vehicles manufactured and/or sold by them at any time without incurring any obligation to make the same or similar changes on vehicles previously manufactured and/or sold by them.

Warranty Repair Order — For your records, the servicing dealer will provide a copy of the Warranty Repair Order listing all warranty repairs performed.

If the Delco Battery in your vehicle should fail under normal service due to a defect in material or workmanship after the 12-month, 12,000-mile New Motorhome Warranty expires, but before the Vehicle has been in operation 36 months, it can be replaced on a pro rata adjustment basis for a new Delco Battery of equal capacity. The pro rata adjustment price of the new battery will be based on the number of months the original battery was in service commencing with the start of the New Motorhome Warranty. Contact an authorized GMC Motorhome or Delco Battery dealer (U.S. only) for further information on such adjustments.

The provisions of Delco Battery service adjustments do not apply (A) to failure in service due to abuse, accident or freezing, or (B) to costs for recharging the battery or for the use of a rental battery.
